

COMMUNITY COVID-19 WALK UP TESTING

Keystone Rural Health Consortia, Inc. is now offering community WALK UP COVID-19 and/or antibody testing.

Please note the following:

- COVID-19 is a Nasal pharyngeal swab that is sent out and can take up to 1-2 days for results. Antibody testing is bloodwork that can take 1-3 days for results. Tests are sent out to ACL.
- If you are not our patient you must bring a Physician's order (see order details at bottom).
-  You are encouraged to obtain testing if you have COVID-19 symptoms, are an essential or front line worker including healthcare, grocery stores, transportation, food processing, assembly, manufacturing, or other facilities currently operating.

TESTING LOCATIONS, DAYS, AND TIMES:
