

Keystone Rural Health Consortia, Inc.
One Team Working Together For Better Community Health Care

October 17, 2022

To our Cameron County Health Center patients,

It is with heavy hearts that we announce the departure of Ms. Patty Butler, CRNP as of November 11, 2022. Ms. Butler has decided to semi-retire and work part time closer to home.

Ms. Butler has been a wonderful addition to our KRHC family and the communities we serve for the past few years, she will be missed by all of us!

We have providers at both the Cameron County Health Center and Ridgway Medical Center that will offer continuation of care in her place. You may choose to have your services transferred to any of the following providers.

Dr. Victor Lahnovych – Cameron County Health Center

Lauren Shaver, PA-C – Cameron County Health Center

Jacki DePanfilis, PA-C – Ridgway Medical Center

Kelly Myers, CRNP – Ridgway Medical Center

We also have a Pediatrician, Dr. Nate Green and a pediatric Physician Assistant, Emily Delhunty who are in Ridgway full time.

As always, all our professional staff members across Keystone Rural Health Consortia, Inc. strive to continue to provide quality, comprehensive, and accessible care.

Of course, it is always the patient's choice to switch to another provider or office for your primary care needs. Your records are confidential, a copy can be transferred to another provider, given to you or your designee but only with your written permission. If you choose another provider, please request a consent to release records form, complete and sign this, return to us and we will transfer your records.

We value all our patients and hope you continue to trust us with your healthcare needs.

Sincerely,

Kristie Bennardi, CEO
